

Included in this package are:

- 4 Tie Down Straps
- 4 Auger Stakes

1. Take the **LARGE LOOP** on the strap and place it under both the "W" shaped leg base bar and over the top rail of the trampoline.

**NEVER** place this loop on only one section, as this will cause the leg base to separate from the top rail assembly in windy conditions and damage your trampoline.

2. Place the end of the large strap through the buckle. Thread the strap first through the opening in the center, and then back down through the toothed opening. Adjust the tension on the strap end using the sliding piece on the buckle.

3. Tighten the strap until it is secure by cinching it around the top rail and Leg Base.

4. Select a suitable location near each Leg Base to install the auger stakes. Do not install in mud, dry soil, sand, frozen or extremely rocky ground. Screw the auger end down into the ground safely.

**NOTE:**

Depending on soil consistency, you may need to use a tool placed through the "eye" in the stake to assist in rotating the piece.

Once the auger stake is securely in place, put the end of the **SMALL LOOP** through the "eye" in the top of the stake and secure using the instructions in Step 2 and Step 3.

**STORING DURING OFF SEASON:**

1. Examine your trampoline thoroughly. Look for damaged or rusted springs, frayed areas on the pad, and bent or twisted frame pieces. If found, cease using trampoline and call customer service to obtain replacement part(s).

2. Attach this anchor kit.

3. For additional protection, cover your trampoline with a Trampoline Cover (sold separately).

**NOTE:**

This Anchor Kit is only meant to assist in keeping your trampoline secure in low to moderate winds.

If the soil under your trampoline is of insufficient consistency, or if you live in an area which experiences high winds and/or high wind gusts, an anchor kit may not provide sufficient protection. In these cases, Pure Fun recommends that you disassemble your trampoline and safely store it during severe weather.

**PARTS INFO:**

To order these parts, or if you have any other questions or concerns about this GQBrands product, please contact us at: **PureFun.net**

**⚠ WARNING/ADVERTENCIA**

- Before installation, contact your local utility officials to make sure there are no underground utilities (electrical, gas, phone, water or sprinkler) where you will be driving the auger stakes.
- This product must be installed by Adults ONLY.
