

Always consult a physician before beginning any exercise regimen to determine your current level of fitness.

Each Vest Insert is 0.88Lbs (43 Inserts)

Net Wt: 37.8LBS + 2.2LBS for Vest = 40LBS

Each insert is filled with sand.

INSTRUCTIONS:

This vest ships with the weights not inserted. When installing these weights, the full implementation of weights may be too much weight for initial use. If you have not used a fitness product of this type before, or are unsure of what weight to begin at, It is strongly recommended that you do not start out with all 40lbs of weight. Install weights EVENLY until you find an amount you can easily walk or jog with, and slowly add more weight.

1. Add weights two at a time, placed in opposite pockets for even dispersion (front and back or on opposite sides). To add a weight, place each weight into an insert and make sure that the top cover is completely covering the weight. Ensure that it is secure in its pocket and will not or fall out during an exercise.
2. To remove a weight, reach a finger into the pre-cut slot on the inside of the vest. Pull the top of the weight through the slot and remove weight.
3. Always wear a comfortable undergarment under the vest.
4. Close the waist strap and make sure that is snug and secure, but not too tight so that it interferes with normal breathing.

WARNING

CHOKING HAZARD
Small parts not for
children under 3 years.

WARNING/ADVERTENCIA

- NEVER place weights so that the weight is uneven. may result in serious injury.
- NEVER add a significant amount of weight at one time during an exercise.
- ALWAYS make sure that the weights and waist strap are snug and secure to prevent shifting during a workout.
- NEVER wear the vest on bare skin, as chafing and skin irritation will occur.
- NEVER allow a child to wear the vest, this product is for ADULTS
- CHOKING HAZARD. Small parts not for children under 3 years.
