

KIDS SWING SEAT

MODEL# 9303SS
PRODUCT MANUAL - VERSION# 01.18.04

Installation Instructions:

1. Remove the product from its packaging and inspect the rope, connection rings and the seat to ensure there is no fraying to the rope or damage to the seat and/or the connection rings.
2. Carefully inspect your existing attachment hooks and/or hardware on your swing set.

*Replace any damaged, rusted, or broken parts before installation.

*It is strongly recommended that the rings on the Swing Seat rope should be attached to swing set hardware that has a nylon bushing where the existing hook will pivot. If this hardware is not present on your set, you should add hooks with this bushing (sold separately.)

3. Once attached, adjust the height of the Swing Seat using the height adjustment buckles located near the top of each rope end. You must ensure that the Seat is level. This Swing Seat should never be hung so that it is less than 8" from the ground or more than 2 feet (24") above the ground.
4. Before use, test your connections by using steady, sufficient downward force on the Swing Seat. It is recommended that you test the Swing Seat connections at multiple swing positions to insure against possible slippage of the connectors due to faulty hardware or installation.
5. Once you are certain that the product is installed properly. You may begin using it. Use caution and judgement when supervising your child's use of this product. Always pay attention to the speed and angle of your child's swing to prevent accidents. NEVER exceed 75 LBS.

ADULT INSTALLATION REQUIRED:

This Swing Seat is intended for use only as a replacement seat for a swing set and/or installation on an existing structure intended for use as such.

Attachment hooks and hardware may be required (sold separately).

! WARNING/ADVERTENCIA

- Adult supervision required. Do not leave children unattended.
- This product is intended for outdoor use only.
- To prevent serious injury, children must not use this equipment until properly installed.
- Do not allow children to climb on product when product is wet.
- Do not use the equipment in a manner other than intended from original use.
- Only one rider should be allowed on the swing at one time.
- Remove any obstructions around the product and play area is clear of any objects.
- Do not twist ropes or loop them over the top support bar since this may reduce their strength.
- Carefully inspect your existing structure you are attaching this Swing Seat to. Look for rusted, damaged or loose bolts, hooks and/or hardware. Replace these before installation.
