

DREAM EASY® KIDS AIR MATTRESS WITH COVER

INSTRUCTION MANUAL - MODEL# 6200KLB

AirComfort™

◆ General Care and Maintenance Instructions

Do not let product come in contact with tools, pets, or sharp objects that may puncture material.

Do not smoke while using. Keep away from open flames.

Clean product with mild soap and water only.

Use caution when inflating in extreme cold temperatures to avoid bursting.

◆ Important Safety Information and Warnings:

- Do not over or under inflate
- Use caution when unfolding or inflating in extreme cold temperatures to prevent bursting.
- After inflation, a change to hot weather will cause air to expand. You must release air to prevent airbed from deflating due to overpressure. A change to cold weather will cause air to contract. You may need to add air to maintain firmness.
- Avoid using in extreme temperatures.
- Keep away from sharp edges, nails, or any sharp or pointed objects.
- Do not stand, walk, or jump on bed. Do not allow children to play or jump on bed.
- Keep away from open flame and heaters.
- Do not smoke on the bed.
- This is not a life saving device. Do not use as a flotation or as a water toy.
- Do not let young children sleep on this mattress until mature enough to sleep in an adult bed. Young children can suffocate, especially in the case of unexpected deflation. Never leave a child unattended or sleep on same mattress as a young child.
- Fill with cold air only. Never use a hair dryer to inflate.
- Maximum Weight: 150 Lbs/68 Kgs Total.

◆ Setting Up / Storing Away

Inflating:

Locate the nozzle caps and choose the appropriate sized cap to inflate the air bed. Attach to the INFLATE opening of the pump. Open the valve cover and insert the pump until snug.

Plug the pump to an outlet. Press the power switch on the side of the pump and inflate. Once it has been inflated to a desired firmness, turn the pump off and quickly close the valve to avoid losing any air.

Deflating:

Open the valve cover of the air mattress to let the air out. Fold the air mattress in half to help accelerate deflation. Once most of the air has deflated from the bed, locate the nozzle caps and choose the appropriate cap to attach to the opening of the pump.

Insert the pump into the valve until snug. Press the power switch on the side of the pump to deflate the rest of the air inside the bed. Once all the air has been removed from the bed, turn off the pump and quickly close the valve. Fold the bed and store safely.

DISCLAIMER:

GREAT CARE AND ATTENTION HAS BEEN TAKEN TO ENSURE THE QUALITY OF THIS PRODUCT. WE ARE NOT LIABLE FOR ANY ACTIONS THAT MAY RESULT IN INJURY, DEATH, DAMAGE TO PROPERTY, OR LOSS OF INCOME.

LIMITED WARRANTY:

AIRCOMFORT WARRANTS THIS PRODUCT TO BE FREE FROM DEFECTS IN WORKMANSHIP AND MATERIALS UNDER NORMAL USE FOR A PERIOD OF ONE (1) YEAR FROM THE DATE OF ORIGINAL RETAIL PURCHASE. AIRCOMFORT'S OBLIGATION UNDER THIS WARRANTY IS LIMITED TO REPLACING OR REPAIRING THE PRODUCT, AT THE DISCRETION OF THE COMPANY.

INFLATING WITH EMERGENCY FILL VALVE:

IN THE EVENT OF A FAILURE OF THE BUILT-IN PUMP, THIS BED IS EQUIPPED WITH A SECONDARY INFLATION VALVE. EXTEND SMALL VALVE OUT FROM SIDE OF BED. OPEN VALVE CAP AND FILL BED WITH EXTERNAL PUMP (NOT INCLUDED). DO NOT USE A HIGH PRESSURE PUMP. A MANUAL PUMP - SUCH AS A FOOT PUMP OR BIKE PUMP WITH ADAPTER IS RECOMMENDED. CLOSE VALVE CAP AND PUSH VALVE BACK INTO BED WHEN DONE. DO NOT OVERINFLATE.

⚠ WARNING

0-15 Months

RISK OF SUFFOCATION:

INFANTS HAVE SUFFOCATED ON INFLATABLE MATTRESSES. NEVER PLACE AN INFANT 15 MONTHS AND YOUNGER TO SLEEP ON INFLATABLE MATTRESS. WHEN USED BY CHILDREN OVER 15 MONTHS OLD: PROVIDE AT LEAST A SHOULDER WIDTH SPACE BETWEEN MATTRESS AND WALLS, DRESSERS OR OTHER VERTICAL OBJECTS TO AVOID ENTRAPMENT. ALWAYS KEEP MATTRESS FULLY INFLATED WHEN IN USE.
